"MyFit + Roadmap" Introduction

How does a high school student-athlete get recruited by a university that fits best:

" ACADEMICALLY - ATHLETICALLY - NON-ATHLETICALLY - SOCIALLY/CULTURALLY ??? "

"MyFit + RoadMap" is designed to remove any confusion and completely empower the dedicated high school student-athlete of any level or sport, who has a serious desire to be an NCAA D1, D2, or D3 college student-athlete. **"MyFit + RoadMap"** is a unique and proven system which is a comprehensive, yet easy to follow, approach to inexpensively and effectively guide the student-athlete to successfully achieving three specific main goals:

- Goal #1: to be **successfully** recruited as a student-athlete by a university,
- Goal #2: to discover a university which **best** fits the student-athlete personally,
- Goal #3: to obtain **meaningful** financial support (athletic scholarship/financial aid) to attend that university.

To achieve the above three goals **"MyFit + RoadMap"** has three basic, yet essential, personalized components for ultimate success:

Component 1: **"MyFit"** "Top 10" NCAA D1 Universities (see tabs 3 and 4)

Component 2: **"MyFit"** "Select/Dream 10" NCAA D1, D2, and D3 Universities (see tabs 5 and 6)

Component 3: **"RoadMap"** (see tab 7)

In Components 1 and 2: Two lists of **"MyFit"** scored universities are automatically produced based off of the student-athlete's personal information submitted on the **"MyFit"** Data Input Form (see tab 2).

In Component 1: This first list are the "Top 10" universities identified by **"MyFit"**, and scored by **"MyFit"** as to how well each of those "Top 10" universities fit the student-athlete personally (see tab 3).

In Component 2: This second list are the "Select/Dream 10" universities identified by the student-athlete, and scored by **"MyFit"** as to how well each of those "Select/Dream 10" universities fit the student-athlete personally (see tab 5).

Additionally in Components 1 and 2: The student-athlete is provided with a **"MyFit"** University Info Sheet/Follow-up Diary (see tabs 4 and 6) for each **"MyFit"** scored university with detailed athletic and non-athletic specific information. The **"MyFit"** University Info Sheet/Follow-up Diary enables the student-athlete detailed assessment of each of their **"MyFit"** scored universities, and formatted for accurate factual side-by-side comparison between **"MyFit"** scored universities.

In Component 3: The student-athlete is provided with a customized step-by-step **"RoadMap"** (see tab 7), which guides them through the NCAA requirements and critical tasks. These requirements and tasks need to be followed and completed on a compliant and timely basis over the student-athlete's 50 months of high school. This timed schedule best enables the student-athlete to keep completely organized and on track to successfully achieving the three specific main goals of **"MyFit + RoadMap"**.

" ... **successfully** recruited, at a **best** fit university, with a **meaningful** scholarship !!! "

Should you have further questions, please contact me directly.

Good Luck!

Intended College Major

Special University Type

GPA scores must be filled in.

Either the 3 SAT scores or ACT score must be filled in (or if you intend on taking both fill in scores for both).

Project the scores that you don't have, and if score is projected, for that projected score leave that date blank.
