## Coach of the Year

### CHUCK GUNTER

**LA CANADA**

Chuck Gunter's ascension to head coach of the La Canada High School didn't begin with the best of circumstances.

Shortly before the season, longtime Spartans head coach K.C. Mathews and the school parted ways in a move that still has some scratching their head.

Gunter, who is Mathews'

close friend and was his top assistant, was named as the replacement.

"It was difficult because two things are happening," Gunter said. "Your friend you've had for 10 years suddenly quits without warning and we have to go play those first two games and we don't score a run."

How it began and how it ended were vastly different, however. Once Gunter got his team on track, the Spartans proved they were tops in the area. After leading La Canada to the Rio Hondo League championship and a playoff win, Gunter is the Star-News Coach of the Year.

"I'm definitely proud," Gunter said of the award. "We really have a good group of girls who have the talent to make a final. I'm definitely proud of them. They played well and won league. But as a coach, you always want a little bit more for them."
